Yo, how do I play?

Well there are 2 different ways to play, Classic and DIY...

What's Classic mode?

Classic mode:

Separate the INBOX card deck and the REPLY card deck. Everyone playing draws 7 REPLY cards. The oldest player starts as judge. At the beginning of the round, the judge draws an INBOX card from the top of the INBOX card deck and reads it out loud.

Then what happens?

Everyone else takes a few moments to decide which of their 7 REPLY cards pairs funniest with the INBOX card in play and passes it to the judge, facedown. Once the judge has received a REPLY card from each player, they shuffle them up and read them out loud one at a time.

The judge then selects their favorite REPLY card and the player who played it wins that round. The winner keeps the winning pair as a point. Then everyone draws back up to 7 REPLY cards and the player to the judge's left becomes the judge for the next round.

Sounds legit. What's DIY mode?

DIY mode:

Separate the INBOX card deck and the REPLY card deck. Distribute 4 REPLY cards and 4 INBOX cards to each player. Every round, each player creates their funniest pair of cards using 1 INBOX card and 1 REPLY card. They pass their pairs in to the rotating judge, who picks their favorite pair each round. That player wins the round and gets a point. Then everyone draws back up to 4 of each card after every round.

Great, but how do you win?

Keep playing until you get bored. The player with the most points wins.
